

Footpath Report

Checks carried out during May and June 2020

KI 103

The footpath was in good condition although slightly overgrown in some places. Over-hanging branches and brambles were cut back

KI 72

The time of walking was after a very wet period and flooding had occurred on this section and on the bridleway (KI 108). The culvert could not take all the water. Engineering works were taking place to redirect the culvert.

KI 105

The foot path was in good condition

Foot path running up the side of Hendrefoelan school and down towards Hendrefoelan Road has no number on the map. It was in good condition.

KI 104

Not completed
