

20/8/22	KI 105	Jim		 <p>Southern entrance from Cower road</p>  <p>central section of path with a few low branches</p>	<p>Generally overgrown and unusable by horse. Central section is mostly good and could be reinstated as a bridleway relatively easily. The South entrance is difficult to find and very overgrown but usable by foot. The North entrance has disappeared and the path is currently accessed via an unmarked path from KI106 just off Woodcote.</p>	<p>Reported to Countryside Access team</p>
