2/23	KI103			<p>KI103 is accessed on the Clyne Valley track at the start of Garrod Ave. The bracken which was reported a couple of years ago has now been trampled by someone. It was a bright and cold day so the path was mostly dry. Brambles are encroaching onto the path in some areas so the team will pay a visit next week in order to cut them back. It was good to see the Llanelli Ramblers enjoying a walk on this footpath which they do regularly.</p>
